

CURTAIN TRACK Heavy Duty I-Beam Track Single Carrier

The IWEISS Heavy Duty I-Beam Track Single Carrier utilizes two TPR wheels and shielded ball bearings. It is designed to take a heavier load than standard carriers. This carrier is intended for use in a straight track and curved track system.

TECHNICAL DATA

Part #	IWIHD-18
Materials	- 1/8" Formed steel body - Zinc black - (2) TPR wheels - Swivel hook and trim chain - Rubber bumpers
Dimensions	2 1/4" w x 10 5/8" h
Weight	0.9 lbs plf
Load Rating	20 lbs on 12" spacing
